# Danish Production & Flexible Customization

The 7021 SJ Resting  
Chair in oak.

## Craftsmanship since 1919

With more than 100 years of experience in craftsmanship, we manufacture the furniture in Denmark at our own workshop in the city of Vejen.

## Ergonomic designs

Our furniture is developed in close collaboration with occupational therapists, physiotherapists, and leading Danish designers.

## Customization

As every piece is made-to-order, we offer great flexibility, accommodating individual desires for customizations and additions.

## Responsibility and quality

Responsible production is at the core of the company. All pieces are made in certified European solid oak or beech and is crafted using traditional techniques, ensuring the highest quality and prolonged lifespan.

Each chair is assembled with water-based glue, dowels, double tenons, and finger joints. No screws are used, eliminating the need for subsequent tightening.

The furniture can withstand heavy usage, and a 5-year warranty is provided on all wooden frames.

The 7021 SJ Resting  
Chair in oak.

About the  
7000 series:

A proven and meticulously crafted design defines the 7000 Series, offering resting chairs suitable for a diverse range of settings, particularly healthcare environments. The series is designed to prioritize functionality, aesthetics, comfort, and durability, catering to the specific needs of healthcare and institutional settings, including hospitals and nursing homes.

Offering exceptional stability and excellent user support, the chairs provide a high level of seating comfort. They remain steadfast during use and even when leaned upon, maintaining stability when transitioning to a standing position, without any risk of tipping.

The chairs are crafted with precision using dowels, double tenons, and water-based glue, eliminating the need for subsequent tightening. The light Nordic design with clean lines and minimal seams ensures optimal hygiene.

Crafted at our workshop in Vejen, the series is available in certified solid oak or beech and offers various adjustment and customization options.

Tested and approved by the Danish Technological Institute for stability, safety, and durability. The following models in the series hold Möbelfakta certification: 7031SVF, 7031SV, 7031KFM, 7020SJ, 7021SJ, 7021L.

Further information can be found in the product sheet.

Chair in oak.

"We are proud to have a company with a long history and ongoing Danish production. Being closely involved in the process allows us to guarantee timely quality deliveries and steady supply."

Hans Henrik Sørensen  
Co-founder of OneCollection

Onecollection A/S is a Danish furniture company founded in 1990 by Ivan Hansen and Hans Henrik Sørensen. Both founders still passionately run the company to this day. Based in Ringkøbing on the west coast of Denmark, the company's headquarters, production facilities, and warehouse are all located together.

Determined to preserve and expand the rich tradition of Danish craftsmanship and local production, OneCollection acquired the renowned, Vejen-based Danish solid wood manufacturer, Schou Andersen Møbelfabrik A/S in 2022.

Founded in Vejen in 1919, Schou Andersen Møbelfabrik has a legacy spanning over a century. Today, merged with Onecollection A/S, the company has continuously evolved its furniture portfolio and Danish production facilities, adeptly meeting the evolving needs of the market.

The company specializes in high-quality solid wood furniture, primarily tailored for the healthcare sector.

Additionally, the world-renowned classics designed by architect Finn Juhl are also produced at the furniture factory in Vejen.
