Danish Production & Flexible Customization

The Ayo Low Chair
in oak (dark oil).

Craftsmanship since 1919

With more than 100 years of experience in craftsmanship, we manufacture the furniture in Denmark at our own workshop in the city of Vejen.

Ergonomic designs

Our furniture is developed in close collaboration with occupational therapists, physiotherapists, and leading Danish designers.

Customization

As every piece is made-to-order, we offer great flexibility, accommodating individual desires for customizations and additions.

Responsibility and quality

Responsible production is at the core of the company. All pieces are made in certified European solid oak or beech and is crafted using traditional techniques, ensuring the highest quality and prolonged lifespan.

Each chair is assembled with water-based glue, dowels, double tenons, and finger joints. No screws are used, eliminating the need for subsequent tightening.

The furniture can withstand heavy usage, and a 5-year warranty is provided on all wooden frames.

The Ayo Series

About the Ayo Series:

Designed by Friis & Moltke in 2018, the Ayo Chair Series features three timeless and contemporary chairs, offering different back height options.

The series has been developed specifically for the healthcare sector, meeting the highest standards in terms of comfort, stability, and durability, while still presenting a modern, inviting expression. Its stackable feature adds to its appeal, making it ideal for healthcare facilities and other professional environments.

The solid wood frame is crafted using dowels, double tenons, and water-based glue, eliminating the need for subsequent tightening while maintaining clean lines and minimal seams for optimal cleaning. With high-quality materials and exceptional comfort, the Ayo Series offers users a fusion of clean aesthetics and functional simplicity.

Produced at our workshop in Vejen, Denmark, the series is available in certified beech or oak, upholstered in textile or leather. Tested and approved by the Danish Technological Institute for stability, safety, and durability. All models hold Möbelfakta certification.

About the Designers Friis & Moltke

The FRIIS & MOLTKE architectural practice was founded in 1954. From the very beginning, the mission has been to create value for society through development, dialogue, and innovation. Based on extensive knowledge and experience, FRIIS & MOLTKE creates beautiful, useful designs for everyone, aiming to develop and translate ideas to benefit the future.

Onecollection A/S is a Danish furniture company founded in 1990 by Ivan Hansen and Hans Henrik Sørensen. Both founders still passionately run the company to this day. Based in Ringkøbing on the west coast of Denmark, the company's headquarters, production facilities, and warehouse are all located together.

Determined to preserve and expand the rich tradition of Danish craftsmanship and local production, OneCollection acquired the renowned, Vejen-based Danish solid wood manufacturer, Schou Andersen Møbelfabrik A/S in 2022.

Founded in Vejen in 1919, Schou Andersen Møbelfabrik has a legacy spanning over a century. Today, merged with Onecollection A/S, the company has continuously evolved its furniture portfolio and Danish production facilities, adeptly meeting the evolving needs of the market.

The company specializes in high-quality solid wood furniture, primarily tailored for the healthcare sector.

Additionally, the world-renowned classics designed by architect Finn Juhl are also produced at the furniture factory in Vejen.
