Craftsmanship since 1919

With more than 100 years of experience in craftsmanship, we manufacture the furniture in Denmark at our own workshop in the city of Vejen.

Ergonomic designs

Our furniture is developed in close collaboration with occupational therapists, physiotherapists, and leading Danish designers.

Customization

As every piece is made-to-order, we offer great flexibility, accommodating individual desires for customizations and additions.

Responsibility and quality

Responsible production is at the core of the company. All pieces are made in certified European solid oak or beech and is crafted using traditional techniques, ensuring the highest quality and prolonged lifespan.

Each chair is assembled with water-based glue, dowels, double tenons, and finger joints. No screws are used, eliminating the need for subsequent tightening.

The furniture can withstand heavy usage, and a 5-year warranty is provided on all wooden frames.
