Danish Production & Flexible Customization

The 6014 Chair in beech.

Craftsmanship since 1919

With more than 100 years of experience in craftsmanship, we manufacture the furniture in Denmark at our own workshop in the city of Vejen.

Ergonomic designs

Our furniture is developed in close collaboration with occupational therapists, physiotherapists, and leading Danish designers.

Customization

As every piece is made-to-order, we offer great flexibility, accommodating individual desires for customizations and additions.

Responsibility and quality

Responsible production is at the core of the company. All pieces are made in certified European solid oak or beech and is crafted using traditional techniques, ensuring the highest quality and prolonged lifespan.

Each chair is assembled with water-based glue, dowels, double tenons, and finger joints. No screws are used, eliminating the need for subsequent tightening.

The furniture can withstand heavy usage, and a 5-year warranty is provided on all wooden frames.

The 6000 Series

About the 6000 series:

The 6000 Series holds a clean and simple design rooted in the rich tradition of Danish craftsmanship. Comprising two chairs and a footrest, the series is specifically crafted for the contract market, tailored particularly for institutional and public settings such as hospitals, nursing homes, and churches.

Exceptionally stable, this series offers a high level of user support and excellent seating comfort, ensuring steadiness when transitioning to a standing position. The chairs remain sturdy even when leaned upon, with no risk of tipping, and the stackable design adds to their practicality.

The frame is meticulously assembled using dowels, double tenons, and water-based glue, eliminating the need for subsequent tightening while clean lines and minimal stitching ensure optimal hygiene and easy maintenance. The series also offer a range of customizable features such as linking, castors and upholstery options specifically designed for the care sector.

Crafted at our workshop in Vejen, the series is available in certified solid beech or oak upholstered in textile or leather.

The series has been tested and approved by the Danish Technological Institute for stability, safety, and durability.

Further information can be found in the product sheet.

The 6011 Chair at Bugården Church, Sandefjord

Bugården Church, Sandefjord

Architect Harald Hille designed Bugården Church in Sandefjord in 1975. A modern structure with clean lines, consecrated in 1980. Within its simplistic and tranquil setting, the 6000 Series provides comfortable seating for up to 300 guests.

"We are proud to have a company with a long history and ongoing Danish production. Being closely involved in the process allows us to guarantee timely quality deliveries and steady supply."

Hans Henrik Sørensen
Co-founder of OneCollection

Onecollection A/S is a Danish furniture company founded in 1990 by Ivan Hansen and Hans Henrik Sørensen. Both founders still passionately run the company to this day. Based in Ringkøbing on the west coast of Denmark, the company's headquarters, production facilities, and warehouse are all located together.

Determined to preserve and expand the rich tradition of Danish craftsmanship and local production, OneCollection acquired the renowned, Vejen-based Danish solid wood manufacturer, Schou Andersen Møbelfabrik A/S in 2022.

Founded in Vejen in 1919, Schou Andersen Møbelfabrik has a legacy spanning over a century. Today, merged with Onecollection A/S, the company has continuously evolved its furniture portfolio and Danish production facilities, adeptly meeting the evolving needs of the market.

The company specializes in high-quality solid wood furniture, primarily tailored for the healthcare sector.

Additionally, the world-renowned classics designed by architect Finn Juhl are also produced at the furniture factory in Vejen.
